

Tintri Announces Inducement Grants Under Nasdaq Listing Rule 5635(C)(4)

April 4, 2018

MOUNTAIN VIEW, Calif.--(BUSINESS WIRE)--Apr. 4, 2018-- Tintri, Inc. (NASDAQ: TNTR), a leading provider of enterprise cloud platforms, today announced that, effective upon April 2, 2018, which was the date that Tom Barton commenced employment with the Company, Mr. Barton, the Company's Chief Executive Officer, received a stock option to purchase 1,700,000 shares of the Company's common stock (the "Option"). The Option was granted in accordance with Nasdaq Listing Rule 5635(c)(4) and under and subject to the terms of the Tintri, Inc. Inducement Plan (the "Inducement Plan") and form of award agreement thereunder that was adopted by the Company's Board of Directors in connection with Mr. Barton's joining Tintri.

The Option will have a ten-year term and an exercise price that is the same as the closing price of the Company's common stock on Mr. Barton's start date. The Option will vest over four years with 25% of the total shares vesting one year from Mr. Barton's start date and 1/48th of the total shares vesting monthly for the next three years, subject to his continued service through each vesting date. The Option provides for acceleration of vesting under certain circumstances, described in more detail in our Current Report on Form 8-K filed with the SEC on March 15, 2018.

The above descriptions are qualified in their entirety by the offer letter between the Company and Mr. Barton, which will be filed as an exhibit to our Annual Report on Form 10-K for the year ended January 31, 2018.

About Tintri

Tintri (NASDAQ: TNTR) offers an enterprise cloud infrastructure built on a public-cloud like web services architecture and RESTful APIs. Organizations use Tintri all-flash storage with scale-out and automation as a foundation for their own clouds—to build agile development environments for cloud native applications and to run mission-critical enterprise applications. Tintri enables users to guarantee the performance of their applications, automate common IT tasks to reduce operating expenses, troubleshoot across their infrastructure, and predict an organization's needs to scale—the underpinnings of a modern data center. That's why leading cloud service providers and enterprises, including Comcast, Chevron, NASA, Toyota, United Healthcare and 20 percent of the Fortune 100, trust Tintri with enterprise cloud.
